

KY Valid Course List Visual & Performing Arts

HOW TO USE THIS DOCUMENT

This document contains a listing of course descriptions and parameters along with certifications that fit the parameters for a given course. The grade range and population information listed for each course are not absolute. Please choose the course that most closely represents the students in a given course.

EXAMPLE

John Q Middle School had 5th, 6th, and 7th grade students taking a Creative Art course. This course would be linked to course number **500711: Creative Art – Comprehensive**, which shows with a recommended grade range of 6th – 12th.

The courses listed in this document are not meant to replace the course titles and course numbers already in use at the school level. Schools will link their courses in the STI Valid Course List to courses listed in this document.

Schools may have created courses that are very unique in order to meet students' needs. If a course does not meet the definition or content of one contained in this document, please use course number **909999: School Defined Course**, and code the correct content through the LEAD report.

CERTIFICATIONS

It is important to note that the certificates listed are the ones that fit *ALL* of the parameters for a specific course – there may be other certificates that can teach it with slightly more restrictive parameters.

It is very important to note that not all of the certificates listed under a specific course will meet the Highly Qualified Teacher standards as defined by The No Child Left Behind Act of 2001. Please refer to the Highly Qualified guidance documents located on the Education Professional Standards Board (EPSB) website at <http://www.kyepsb.net/nclb.asp>.

In addition to Highly Qualified considerations, please take note of the following information from ***The Program of Studies for Kentucky Schools Primary-12*** with regard to middle school courses that are offered for high school credit.

High School Credit Earned in Middle School

It is expected that most students will earn these credits during their high school years. However, local school districts may offer these courses to middle level students if the following criteria are met:

- the content and the rigor of the course is the same as established in the *Program of Studies*
- the students demonstrate mastery of the middle level content as specified in the *Program of Studies*
- the district has criteria in place to make reasonable determination that the middle level student is capable of success in the high school course
- **the middle level course is taught by teachers with either secondary or middle level certification with appropriate content specialization**

Although middle level courses list the Provisional and Standard Elementary Certificates, Grades 1-8 as allowable under the parameters of these courses, they will not meet the above requirements for courses that are offered for high school credit.

500520 - IB Theatre Arts

Grade Level: 11 - 12

Credits: 1

Description: IB Theatre Arts courses prepare students to take the International Baccalaureate exams at either

the Subsidiary or Higher level. IB Theatre arts develop the students' aesthetic and creative faculties, offer training in awareness and criticism of theatre, and enable students to create quality works of their own. Students will perform studio works and research theatrical works; the research component is designed to investigate world theatre and theatre history. NOTE: Courses that are not fully aligned with the Kentucky Program of Studies are not eligible to fulfill the high school graduation requirement for Arts and Humanities. In order to fulfill the graduation requirement, courses must fully address the standards listed in the Program of Studies.

500929 - AP Music Theory

Grade Level: 11 - 12

Credits: 1 HS

Description: Courses in AP Music Theory are designed to be the equivalent of a first-year music theory college course. AP Music Theory develops student's understanding of musical structure and compositional procedures. Usually intended for students already possessing performance-level skills, AP Music Theory extends and builds upon students' knowledge of intervals, scales, chord structures, meter and rhythm patterns, and their interaction in musical compositions. Music notation, analysis, composition, and aural skills are important components of the course. NOTE: Courses that are not fully aligned with the Kentucky Program of Studies are not eligible to fulfill the high school graduation requirement for Arts and Humanities. In order to fulfill the graduation requirement, courses must fully address the standards listed in the Program of Studies.
